POWERFRESH SMOKE AWAY

Cleaning System Code: H12

1. Introduction

POWERFRESH SMOKE AWAY is a highly effective air freshener and deodoriser. It is effective against a wide range of malodours including tobacco, pet odours, sulphurous smells, kitchen and bathroom odour. Smoke Away does not merely mask the odour with a fragrance, but forms a complex with the organic odour molecules, removing them from the air. Smoke Away also contains a delicate mint fragrance.

2. Where to use

For industrial or janitorial applications for the elimination of malodours in larger areas such as changing rooms, hotels, restaurants, care homes etc..

3. Where not to use

- Where overspray onto treated or polished surfaces may cause spoilage of decorative finishes
- In smaller, confined areas. This package has a very high discharge performance, and is unsuitable for use in domestic and smaller, confined, environments

4. Physical properties.

Appearance	Clear aerosol mist with a mint fragrance.
pH	Not Applicable.
Specific Gravity	0.570 typical
Non Volatiles % m/m	< 5%
Active Content % m/m	70 – 80
Flammability	Extremely Flammable. Flash Point below -20°C
Composition Data, descriptive	Alcohol, Hydrocarbon propellant, Odour neutralising compound, Fragrance
Discharge Rate	Approximately 30mls/second.

5. Application Details

Remove pets from the area and actuate in two opposite directions, according to level of fragrance required.

Vacate the area and close all doors, allowing the product to permeate throughout the area. Spray in short burst and always ensure the nozzle is pointing away from the body.

6. Availability

Available in 750ml Aerosols.
